

# GALLANT

## DISPOSABLE PREP RAZORS

Do not remove this information from dispenser box.

The Gallant Disposable Prep Razor comes in a convenient dispenser box containing 50 x cover protected prep razors.

- Finger-tip control through grip ridges on handle.
- Handle positioned in front of blade, requiring only a gentle pull.
- Optimal view of shaving area.
- PTFE and CrN coated razor blade.
- Razor blade facet specifically developed for a smooth cut.

 CAUTION – Contains sharp razor blades

 Instructions for use:

1. Gently pull off the protective cover.
2. Place the razor over the designated shaving area. Do not apply any pressure. Gently move the razor over the skin.
3. For disposal, hold the razor upright against a flat surface and gently press until handle snaps. The razor is safely disabled.
4. The handle can be recycled and razor blade head can be disposed in a medical safety container.
